A Note from the Owner:

Thank you for choosing Gator Trimlight for your recent lighting project! I hope that you are enjoying your new lighting system.

I've been a business owner in Florida almost my entire adult life. My companies have serviced all of Florida, from one coast of this country to the other, and countless other countries. Whether you're here in my backyard, or on the other side of the planet, my number one priority always has been and continues to be, customer satisfaction.

I hope that our team exceeded your expectations. If not, please let me know what we can do better. If we did, we would love for you to leave us a review on Google and/or FB. My team and I put this guide together to help you get the most out of your lighting system. Please review it and then keep it in a safe place for future reference. From all of us at Gator Trimlight, thanks again for supporting our small, family-owned business!

Sincerely,

Jonathan Adcock
