

We are on a MISSION to make your life brighter! There really isn't ANYTHING on the market like our permanent, programmable lighting systems. Trimlight is a fun and exciting way to bring some LIFE to your home, business and outdoor living space... and let's face it, the right lighting changes EVERYTHING.

We LOVE seeing the excitement from our customers when they first experience the many benefits of owning a Trimlight system! It's so fun for us to be a part of that WOW moment; it NEVER gets old! We understand that our lighting technology is still very new and that means there's a lot of people that don't know about Trimlight. This is a BIG problem for us and we're on a mission to change that. If you enjoyed your experience with us, would you join our mission to make North Central Florida a little brighter? Because we are so committed to this, we offer every one of our customers many benefits to partner with us by becoming a Raving Fan!

So, What is a Raving Fan?

A Raving Fan is someone who has experienced that WOW factor of owning a Trimlight system and is just as eager as we are to spread the word about the fun you can have with it. By sharing your feedback with us, posting and tagging us in pictures, leaving reviews and referring us to your friends, it helps us spread the word about Trimlight as well as gives your friends the opportunity to discover how we can make their life brighter with Trimlight. **To thank you for your support of our mission, once you complete the Raving Fan steps on the following pages, we will give you a \$100 Amazon gift card or a \$100 credit towards a future project with Gator Trimlight.**

You must complete the steps within 10 days of your installation (from the date your install was completed).
