

USING THE EDGE APP

Now that your system is installed it's time to get familiar with the App and how it works. We highly recommend devoting some time to experimenting with the calendar and timer functions as well as testing various patterns, colors and animations. If you need help with this, you can find some video tutorials online to assist you:

VISIT [YOUTUBE.COM/@TRIMLIGHTHQ](https://www.youtube.com/@trimlighthq) FOR VIDEO TUTORIALS ON HOW TO USE THE APP OR YOU CAN FIND MORE INFO ON THE FOLLOWING PAGES, INCLUDING:

- ✓ Connecting to the Trimlight system and pairing to a Wi-Fi network
- ✓ Setting up a group
- ✓ Building custom palettes, sequences and/or patterns
- ✓ Using the preset patterns
- ✓ Using the daily timer and calendar function(s)
- ✓ Music functionality and more

RGB CODES

Our Trimlight system allows you to use RGB codes to create 16 million color variations using our app. RGB stands for Red Green Blue and refers to three hues of light that can be mixed together to create different colors. Combining red, green, and blue light is the standard method of producing color images on screens, such as TVs, computer monitors, and smartphone screens.

Here's the website for a complete list of colors & their rgb codes:

RGB CODES FOR SPORTS LOVERS

Find the RGB codes of your favorite sports teams in all of the Major Leagues, including the NFL, NBA, MLB, NHL, and MLS. You can also find the codes for your favorite Collegiate NCAA teams. Use these codes along with our app to display and save your favorite team colors when your team is playing. Click on the Team Color Codes button below for team codes.

Here's the website for a sports team rgb color code chart
